

**Attn: Mark McShane  
Chief Executive Officer  
City of Mount Gambier  
PO BOX 56  
Mount Gambier SA 5290**

**Dear Mark,**

**On the 21<sup>st</sup> March 2018 the community held a public meeting at the Sir Robert Helpmann Theatre to discuss the support for a multi-million dollar indoor pool and sports centre which was attended by over 300 people with up to 400 apologies, mostly due to the short time frame of notice.**

**From that meeting it was resolved that a steering committee be formed to champion a community engagement process to investigate if indeed council would have sufficient community support to pursue the development of an indoor/outdoor facility.**

**The group consists of members of the key stakeholders and potential users of the facility including the Mount Gambier and Blue Lake Y Swimming clubs, Aquatic centre, Mount Gambier Netball Association, Mount Gambier & District Tennis Association, Mount Gambier Basketball Association and Pioneers Basketball Club. During their seasons, they represent a combined 3350 weekly members and participants many of which who would attend a facility multiple times for either training or competition.**

**As part of our role as steering committee, we aimed to engage community support via a petition to support the development of an Indoor/Outdoor Aquatic and Recreation Centre for Mount Gambier and surrounds.**

**The committee was tasked with a grass roots campaign starting on the 3<sup>rd</sup> April 2018 to garner 20,000 signatures in 20 days from the community of Mount Gambier and surrounds in support of such a facility with the aim to present to council at their special meeting on 24<sup>th</sup> April 2018. At the meeting Council would discuss whether to confirm a commitment to submission of an Expression of Interest to gain funding for the project through the Regional Growth Fund to assist with the initial capital costs of construction.**

Throughout the past 20 days we have engaged the community through a variety of mediums with strong support from our local media including:

### **Petitions**

- Placed in over 130 businesses throughout the South East and Western Victoria including Nelson, Donovan's, Port MacDonnell, Allendale East, Millicent, Beachport, Robe and Penola
- Online through Change.org

### **Local print media**

- 8 articles within The Border Watch which has a readership of up to 21,000 per publication within the South East of South Australia and Western Victoria
- Weekly articles within Lifestyle 1 – with 21,500 Copies printed per week covering the South East and Western Victoria

### **Radio**

- Southern Cross Austereo Networks - 963MMM and Hit96.1, ABC Radio South East

### **Community support**

- The petition was distributed through to Public and private Primary & High schools committee members were also either present or had a presence at local sporting events including Western Border Football League and Mid South East Football league matches in Mount Gambier & Millicent, South East Women's Football association, Mount Gambier Hockey Association, Pioneers Basketball matches.
- The campaign was also circulated through the Mount Gambier Chamber of Commerce and Women in Business and Regional Development membership.

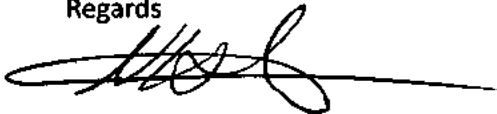

## **Stake holders**

- Members and participants of key stakeholders were directly contacted for support including direct email, social media, team Apps and SMS

From this activity we have been able to create a positive community conversation for developing a project that would include Indoor pool facility that covers leisure, learn to swim and competition pools; up to 6 courts to be used for basketball/netball and other indoor sports including a show court with seating for community events, Health and Wellness area, crèche, commercial kitchen, kiosk and conference areas.

I would like to present to you on behalf of the steering committee a petition including 10008 signatures showing there is community support for the for the development of an Indoor/Outdoor Aquatic and Recreational Centre for Mount Gambier and Surrounds.

Regards

Suzanne Ricketts	Mount Gambier, Australia	2018-04-11	Mount Gambier needs a facility that will meet the needs of the community all year. Schools have to cram swimming in to 19 weeks- this puts a lot of pressure on staff at the pool as well as schools spreading lessons over a number of weeks. Wouldn't it be great to finally have a modern facility in this region that everyone can have access to and use!

There is barley anything for kids, young teens and adults to get involved in or enjoy a bit of fun. It would be a positive outlet for those struggling with addictions, depression or those who want to strive for personal fitness goals. Get behind this one everyone. We call ourselves a city, let's start showing that we are one!
