#### 4 Frequency of meetings

City of

Mount Gambier

4.1 The committee shall meet at least four times a year at appropriate times in the reporting and audit cycle and otherwise as required.

#### 5 Notice of meetings

- 5.1 Ordinary meetings of the committee will be held at times and places as determined by the committee. A special meeting of the committee may be called in accordance with the Act.
- 5.2 Notice of each meeting confirming the venue, time and date, together with an agenda of items to be discussed, shall be forwarded to each member of the committee and observers, no later than three (3) clear days before the date of the meeting. Supporting papers shall be sent to committee members (and to other attendees as appropriate) at the same time.

#### 6 Minutes of meetings

- 6.1 The Chief Executive Officer shall ensure that the proceedings and resolutions of all meetings of the committee, including recording the names of those present and in attendance are minuted and that the minutes otherwise comply with the requirements of the Local Government (Procedure at Meetings) Regulations 2000.
- 6.2 Minutes of committee meetings shall be circulated within five (5) days after a meeting to all members of the committee and to all members of the Council and will (as appropriate) be available to the public.

#### 7 Role of the committee

#### 7.1 Financial reporting

- 7.1.1 The committee shall monitor the integrity of the financial statements of the Council, including in its annual report, reviewing significant financial reporting issues and judgements which they contain.
- 7.1.2 The committee shall review and challenge where necessary:
  - 7.1.2.1 the consistency of, and/or any changes to, accounting policies;
  - 7.1.2.2 the methods used to account for significant or unusual transactions where different approaches are possible;
  - 7.1.2.3 whether the Council has followed appropriate accounting standards and made appropriate estimates and judgements, taking into account the views of the external auditors;

#### Terms of Reference for Council's Audit Committee cont'd...

- 7.1.2.4 the clarity of disclosure in the Council's financial reports and the context in which statements are made; and
- 7.1.2.5 all material information presented with the financial statements, such as the operating and financial review and the corporate governance statement (insofar as it relates to the audit and risk management).

#### 7.2 Internal controls and risk management systems

The committee shall:

- 7.2.1 keep under review the effectiveness of the Council's internal controls and risk management systems; and
- 7.2.2 review and recommend the approval, where appropriate, of statements to be included in the annual report concerning internal controls and risk management.

Note that it is important that the audit committee understand the business of the Council to appreciate the risks it manages on a daily basis, and to ensure that there are appropriate management plans to manage and mitigate this business risk. This will include insurance matters, financial reporting, legal and regulatory compliance, business continuity, and statutory compliance. This can be facilitated by discussions with the external auditors and by presentations by management on how business risks are identified and managed.

#### 7.3 Whistle blowing

The committee shall review the Council's arrangements for its employees to raise concerns, in confidence, about possible wrongdoing in financial reporting or other matters. The committee shall ensure these arrangements allow independent investigation of such matters and appropriate follow-up action.

#### 7.4 Internal audit where Council does not have a separate internal audit function

The committee shall:

- 7.4.1 monitor and review the effectiveness of the Council's internal audit function in the context of the Council's overall risk management system;
- 7.4.2 consider and make recommendation on the program of the internal audit function and the adequacy of its resources and access to information to enable it to perform its function effectively and in accordance with the relevant professional standards.

#### Terms of Reference for Council's Audit Committee cont'd...

Note that this may include the review of the areas that have been identified for review and the frequency of review. The committee should also monitor whether the function of internal audit has adequate standing and is free from management or other restrictions. Whilst internal audit focuses on a Council's systems and procedures, it is important that audit retains its independence and is not subject to any influence from management or Council that impedes its ability to report objectively.

7.4.3 review all reports on the Council's operations from the external auditors;

Note that the reports to the audit committee need not be the detailed reports that are presented to management for their review. Ordinarily a high level review report is all that is required detailing the work undertaken, the findings and management response.

- 7.4.4 review and monitor management's responsiveness to the findings and recommendations of the external auditors; and
- 7.4.5 where appropriate, meet the "head" of the external auditors, without management being present, to discuss any issues arising from the internal audits carried out. In addition, the "head" of the external auditors shall be given the right of direct access to the Mayor of the Council and to the Presiding Member of the audit committee.

#### 7.5 External audit

The committee shall:

- 7.5.1 develop and implement a policy on the supply of the statutory audit and non-audit services by the external auditor, taking into account any relevant ethical guidance on the matter;
- 7.5.2 consider and make recommendations to the Council, in relation to the appointment, re-appointment and removal of the Council's external auditor.

The committee shall oversee the selection process for new external auditors and if an auditor resigns the committee shall investigate the issues leading to this and decide whether any action is required;

- 7.5.3 oversee Council's relationship with the external auditors including, but not limited to:
  - 7.5.3.1 recommending the approval of the external auditor's remuneration, whether fees for audit or non-audit services, and recommending whether the level of fees is appropriate to enable an adequate audit to be conducted;
  - 7.5.3.2 recommending the approval of the external auditor's terms of engagement, including any engagement letter issued at the commencement of each audit and the scope of the audit;

#### Terms of Reference for Council's Audit Committee cont'd...

- 7.5.3.3 assessing the external auditor's independence and objectivity taking into account relevant professional and regulatory requirements and the extent of Council's relationship with the external auditors, including the provision of any non-audit services;
- 7.5.3.4 satisfying itself that there are no relationships (such as family, employment, investment, financial or business) between the external auditors and the Council (other than in the ordinary course of business);
- 7.5.3.5 monitoring the external auditor's compliance with legislative requirements on the rotation of audit partners; and
- 7.5.3.6 assessing the external auditor's qualifications, expertise and resources and the effectiveness of the audit process (which shall include a report from the external auditors on the audit committee's own internal quality procedures);
- 7.5.4 meet as needed with the external auditors. The committee shall meet the external auditors at least once a year, (without management being present if requested); to discuss the external auditor's report and any issues arising from the audit;
- 7.5.5 review and make recommendations on the annual audit plan, and in particular its consistency with the scope of the external audit engagement;
- 7.5.6 review the findings of the audit with the external auditors. This shall include, but not be limited to, the following;
  - 7.5.6.1 a discussion of any major issues which arose during the external audit;
  - 7.5.6.2 any accounting and audit judgements; and
  - 7.5.6.3 levels of errors identified during the external audit.

The committee shall also review the effectiveness of the external audit.

7.5.7 review any representation letter(s) requested by the external auditors before they are signed by management;

Note that these representation letters are a standard practice of any audit and provide the external auditors confirmation from management, (in particular the Chief Executive Officer) that, amongst other matters, accounting standards have been consistently applied, that all matters that need to be disclosed have been so disclosed and that the valuation of assets has been consistently applied.;

7.5.8 review the management letter and management's response to the external auditor's findings and recommendations.

#### 8 Reporting responsibilities

8.1 The committee shall make whatever recommendations to Council it deems appropriate on any area within its terms of reference where in its view action or improvement is needed.

#### 9 Other matters

The committee shall:

- 9.1 have access to reasonable resources in order to carry out its duties;
  - Note that this is subject to any budget allocation being approved by Council;
- 9.2 be provided with appropriate and timely training, both in the form of an induction program for new members and on an ongoing basis for all members;
- 9.3 give due consideration to laws and regulations of the Local Government Act, 1999;
- 9.4 make recommendations on co-ordination of the internal control and external auditors;
- 9.5 oversee any investigation of activities which are within its terms of reference; and
- 9.6 oversee action to follow up on matters raised by the external auditors;
- 9.7 at least once a year, review its own performance, constitution and terms of reference to ensure it is operating at maximum effectiveness and recommend changes it considers necessary to the Council for approval.
