 - (i) Mayor (Cr Smith) Welcomes and outlines project, identifies Council Members from the City Development Framework Sub Committee and introduces Prof Martin facilitator (5 mins).
 - (ii) Professor Martin Outlines process and invites participants to intro each other at their tables (5 mins)
 - (iii) Professor Martin outlines the rational four themes futures papers ‘The Resilient City’ (10 mins)
 - (iv) Strategic Project Officer provides a comparative overview of Mount Gambier with two other regional cities (Warrnambool in Vic and Whyalla in SA) (10 mins)
 - (v) Participants invited to identify measure(s) that they use to compare Mount Gambier with other locations. They are asked to first write down three measures on a sheet of paper and then to share these with their table group coming up with a summary list (30 mins). These are then listed on butcher’s paper through a plenary (JM facilitates TT supports) (30 mins)

- (vi) In the last session we ask them to identify their aspirations; for themselves, their family and friends and for the community. They are invited to share these with their table groups and Professor Martin facilitates asking for only one of each from each table group to get an overview of aspirations. The individual sheets are collected (20 mins)
 - (vii) Professor Martin will review the process over the coming months, thanks them for their participation, identifies Tracy Tzioutziouklaris as the contact person, invited Mayor to thank and close (5 mins).
- (c) The timetable and process for the preparation of the four Futures Papers guiding the City Development Framework project as provided by Professor Martin is as follows:

3-6 Feb Workshop 1: Welcome, Rationale for the Futures Papers, Workshop process for community involvement outlined, participant's introduce themselves to each other, work in groups on measures that matter and identify and share their aspirations. We present comparative information on MTG, Warrnambool and Whyalla related to each of the four themes. We ask participants to tell us the measures that matter for them and their organisation. We invite them to tell us their aspirations; for themselves, family and friends and the community. We summarise these in plenary and invite them back to the second workshop where will review and refine this first round of discussions.

3-7 March Workshop 2: We will present the findings from the first workshop and seek their feedback on measures and aspirations. We will have analysed the output from the February workshop examining the range of measures categorising the responses. We will ask participants to think broadly about their community and to determine if the aspirations related to each theme are comprehensive. The question we are addressing here is; have we overlooked anything? In this second two hour workshop the opportunity is to both analyse initial responses, to refine and make additions and begin to consolidate a view of the future related to each theme. This workshop provides the opportunity for participant's to reflect and speak more about what matters to them about living and working in Mount Gambier.

In March we will seek an invitation from various groups (including mothers' groups and recent arrivals to the Mt Gambier community, eg Congolese, Karens) to meet with them to discuss their aspirations for living and working in this city. Council members will take a leading role in these meetings. The outcomes from these will also contribute to the preparation of the Futures Papers.

31 Mar - 4 April Workshop 3: We next ask participants to identify options to achieve future aspirations related to each theme. They will have had the opportunity to discuss the first two workshops with their colleagues and community members and will be primed to put their views about how best to act, in their own right and in partnership with other organisations across Mount Gambier.

12 - 16 May Workshop 4: The draft futures paper for each theme is presented to respective workshops for their consideration: clarification, correction, and addition. Participant feedback will be used to redraft each paper.

16 June: Revised futures papers will be completed and emailed to all participants. They will be asked to present the respective papers to their organisation/interest group for comment and feedback. This process should be both informing and an opportunity to receive feedback from participants and their representative organisations.

21 July: Penultimate draft futures papers are published by the Mount Gambier City Council calling for feedback from the whole community. We will ask respondents to address specific questions related to respective papers. There will be a structured media campaign so as many people as possible are aware and can contribute if they choose.

Aug - mid Sept: Futures Papers are completed and officially launched by the Mayor and Councillors.
