Signature:		Date:			
Comments/Special Conditions: 					

APPROVAL CONDITIONS: (Important - Please Read)

- (a) the crossover is to be constructed with concrete, bitumen/asphalt, brick/clay pavers, pattern paved concrete;
- (b) the crossover is to be constructed to pre-determined levels and in accordance with the attached plan

General Terms & Conditions:
All public roads in the Council area are vested in the Council. The Council, having complied with all relevant consultation obligations under the <i>Local Government Act 1999</i>, grants this Authorisation to authorise the Authorisation Holder to make alterations to a public road subject to the general and any special conditions stipulated below. 1. Alteration Works The Authorisation authorises the Authorisation Holder to undertake alterations to a public road as described in “Type of Alteration” above (“the Alterations”), subject to these general conditions and any special conditions that may be <u>notified to the Authorisation Holder</u>. 2. Authorisation Area The Authorisation applies only in relation to the portion of public road adjacent to the Land described in “Site Location” of the permit. 3. The Authorisation Holder Where the Authorisation Holder is two or more persons, the Authorisation Holder’s liability and obligations hereunder shall be joint and several and the conditions of this Authorisation shall be construed accordingly. 4. Nature Of Authorisation This Authorisation does not take effect until: - the Authorisation Holder has paid the Authorisation Fee stipulated (if any); - a copy has been signed by the Council and issued to the Authorisation Holder; and - the Authorisation Holder has provided the Council with a copy of the Authorisation Holder’s certificate of insurance evidencing compliance with the Authorisation Holder’s obligations under clause 7. For the avoidance of doubt, nothing in this Authorisation: - confers any proprietary interest in or exclusive right to occupy the Road; or - restricts the Council from accessing the Road at any time or operates to fetter the exercise by the Council of any other regulatory or other function or power. This Authorisation is personal to the Authorisation Holder and is not transferrable. The Council may vary the general and/or special conditions that attach to this Authorisation by notice in writing to the Authorisation Holder. 5. Term, Expiry & Renewals This Authorisation continues in force the period set out in “Work Details” above and expires on the earlier of the date: - that the Authorisation Holder ceases to hold an insurance policy as required by General Condition; or - that the Authorisation Holder, by notice in writing to the Council, surrenders this Authorisation. In the event that this Authorisation is cancelled or surrendered prior to its expiration, there shall be no adjustment, reduction or refund by the Council of the fees paid by the Authorisation Holder in connection with the Authorisation. There is no automatic right of renewal of this Authorisation. Upon expiration of this Authorisation the Authorisation Holder may make application for a new Authorisation, which may be granted at the Council’s absolute discretion, subject to compliance with the public consultation requirements under the Act. 6. Indemnity & Release As a continuing obligation and except to the extent caused by the Council’s negligence, the Authorisation Holder indemnifies and will keep indemnified the Council from and against all actions, costs, claims, damages, charges and expenses whatsoever that may be brought, made or claimed against or otherwise incurred by the Council arising out of or in connection with: - a breach of this Authorisation by the Authorisation Holder; - the Authorisation Holder’s use and occupation of the Road; and/or - the granting of this Authorisation by the Council. The indemnity is in addition to any statutory immunity in favour of the Council, including under section 221(5) of the <i>Local Government Act 1999</i>. The Authorisation Holder releases the Council and its employees, agents and contractors from all and any claims, demands, actions, suits, proceedings, losses and damages of any kind resulting from any loss, accident, damage, injury or death occurring as a result of the Alterations or the granting of this Authorisation except to the extent caused by the Council’s negligence.

- 7. Public Liability Insurance** The Authorisation Holder must take out and maintain during the term of the Authorisation a public liability insurance policy for a minimum amount of twenty million dollars (\$20,000,000.00) per claim or any other amount as may be directed by the Council. The policy will be in respect of injury, loss or damage occurring in connection with the Alterations and the Authorisation Holder's use of the Road and must note the Council's rights and interest as owner of the Road and the indemnities provided by the Authorisation Holder in favour of the Council.
- 8. Authorisation Holder's Obligations** The Authorisation Holder must, at the Authorisation Holder's cost and expense in all things, comply with all applicable laws and all reasonable directions of the Council in relation to the Alterations and the Authorisation Holder's use of the Road. Whilst in occupation of the Road, the Authorisation Holder must:
- take all reasonable measures to protect any utility services, adjacent properties, existing structures (including, as relevant, kerb, gutter, paving, manhole lid, irrigation system, drainage infrastructure) from damage;
 - keep the Area reasonably free of rubbish;
 - not create or cause any unreasonable nuisance or disturbance (as determined by the Council) either for the Council or for the occupiers of adjoining lands;
- The Authorisation Holder must make good any damage that the Authorisation Holder causes to the Road or Council property in connection with the Alterations and/or the Authorisation Holder's use of the Road and, in the event the Authorisation Holder fails to do so, the Authorisation Holder is liable to pay the Council the costs of making good any such damage, which costs the Council may recover from the Authorisation Holder as a debt.
- 9. Ownership of Alterations** The Alterations are the property of, and belong to the Authorisation Holder pursuant to Section 209 of the *Local Government Act 1999*.
- 10. Maintenance of Alterations** The Authorisation Holder is solely responsible for the upkeep and maintenance of the Alterations and must keep the Alterations in good and substantial repair, order and condition at all times, safe and free from danger to persons on or using the Road. If the Authorisation Holder desires to carry out maintenance or repairs in respect of the Alterations which will require interference with the free passage of traffic (pedestrian or vehicular) along the Road, then the Authorisation Holder must:
- not (except in the case of an emergency) commence such maintenance or repairs without the prior written approval of the Council; and
 - undertake such repairs or maintenance in strict accordance with the approval of the Council and as expeditiously as is reasonably possible, with as little inconvenience as possible to persons and/or vehicles using the Road and without interference to public utilities which may be in or below the surface of the Road; and
 - ensure that maintenance or repairs are carried out by competent and (where applicable) licensed and duly qualified contractors and workers; and
 - upon being presented with an invoice from the Council, pay the Council's reasonable costs of reinstating any damage caused to the Road in undertaking the maintenance or repair works.
- 11. Cancellation** The Council may cancel this Authorisation for any breach of these conditions pursuant to section 225 of the *Local Government Act 1999*, by giving not less than one month's notice in writing to the Authorisation Holder (unless the Council determines that a shorter period should apply to protect the health or safety of the public, or otherwise to protect the public interest).
- 12. Consequences Of Cancellation or Expiration** On the cancellation or expiration of the Authorisation or if the Authorisation is surrendered, the Authorisation Holder must, to the Council's satisfaction, reinstate the Road to at least the same condition the Road was in before the Alterations were made. This includes but is not limited to the Authorisation Holder removing all of the Alterations unless otherwise directed by the Council. Reinstatement works must be undertaken within 28 days of the cancellation, expiration or surrender of the Authorisation. The Authorisation Holder is responsible for repairing, at its own cost, any damage caused in removing the Alterations. In the event the Authorisation Holder fails to comply with the Authorisation Holder's obligations under this General Condition 12, the Council may undertake the works required and recover the associated costs from the Authorisation Holder as a debt in a Court of competent jurisdiction.
- 13. Special Conditions** The Authorisation Holder must comply with all special conditions contained (if any) which special conditions prevail in the extent of any inconsistency with the general conditions stipulated herein.

PLAN VIEW

SECTION A-A

NOTES

- all costs associated with an invert or crossover is the responsibility of the property owner.
- Public services may be present in the road and it is the property owner's responsibility to ensure these services are not damaged as a result of the work. If services require alterations, it is the property owner's responsibility to consult with the particular service agency. (For further information, DIAL 1100 BEFORE YOU DIG).
- It is the property owners responsibility that the work site is kept safe during the duration of the works.
- The footway is required to be reinstated to its previous condition, which includes grading down to the new crossover level where required.

Typical Boundary Levels

footpath width	boundary level
3m @ 3%	+90mm
4m @ 3%	+120mm
