HEAVY COMMERCIAL VEHICLE MECHANIC APPRENTICESHIP

GTE Apprenticeships | Traineeships together with City of Mt. Gambier are seeking candidates for a full-time Certificate III in Heavy Commercial Vehicle Mechanical Technology apprenticeship.

As an Apprentice Heavy Commercial Vehicle Mechanic, you will participate in a team environment working under our experienced qualified Mechanics to learn the trade and advance your career. You will be required to proactively assist in preventative maintenance to limit breakdowns or unexpected down time of machinery.

Essential competencies:

- The commitment to successfully complete a Heavy Commercial Vehicle Mechanical trade/qualification.
- Ability and desire to work with a range of earthmoving, agricultural, commercial and passenger vehicles.
- Effective communication skills and occasional report writing.
- Ability to work in a team environment.
- Ability to discuss and solve problems.
- Basic use of computers.
- Current and valid Driver's Licence.

Desirable competencies:

- Experience in the minor repair and maintenance of various fleet, heavy earthmoving plant and machinery, including diesel engines, hydraulics and electronics together with the ability to diagnose and rectify mechanical faults.
- Qualifications or experience in welding.
- Current HR and Forklift Licence.

The successful candidate must be able to provide or be willing to undertake the following:

- Current satisfactory National Police Clearance
- Working with Children Check
- Current Reference Check
- Drivers Licence History report
- Functional Capacity Assessment
- Pre-Employment Medical Check
- Hearing Test

School leavers, mature age candidates and apprentices who have already commenced their apprenticeship are encouraged to apply.

Applications close Friday 22/11/24 at 5pm.
