

To hire a bike you will need to provide proof of identity (Photo ID, Driver's Licence, Passport). A credit card impression will be taken as security. You are liable for any theft or damage to the bike whilst it is in your care.

Road and safety guidelines.

Sharing the roads and pathways is everyone's responsibility. These safety tips help keep everyone safe when using Mount Gambier's Free City Bike Hire.

- Check that all the safety features (brakes, tyres) are working before you head off.
- Always wear an Australian standards approved bike helmet.
- Use bike lanes where provided.
- Give way to pedestrians and other road users as required.
- On the road, keep left where practicable.
- Look out for and follow road signs and signals.
- Always keep at least one hand on the handle bars.
- Ride no more than two abreast and be prepared to ride in single file on narrow roads.
- Signal a change of direction with clear hand signals.
- Watch out for vehicle doors opening.
- Never hold onto another moving vehicle while riding.
- Be predictable - travel in a straight line - do not weave.
- Always consider your own safety and that of others.
